

ENQUIRY SHEET FOR TUBULAR HEATER

Customer Name*
 Technical Contact Person*
 Contact No*
 E-mail*

1 Heater Dia(mm)*
 2 Heater Length*
 Use Nexthermal standard coldzone
 Coldzone1 Coldzone2

11 Accessory for heater mounting (If any)

3 Wattage* W Voltage* V
 4 Terminal type*
 Pin M4 M3
 Lead Wire Spade Screw
 Others
 Lead Wire (If Yes), Length of wire:
 Type of lead wire

12 Heating media
 Media operating pressure
 If solid Bore/Slot Dimensions
 If liquid Liquid media type
 Flow rate
 If gas/Air Fins Yes No
 Outer diameter of fin
 Flow rate of gas
 For Duct details please attach specifications

5 Sheath material*
 If others specify

6 Terminal seals*
 If others specify

13 Working temperature*

7 Straight* Bending
 Nexthermal Standards
 If yes Nexthermal config No**
 If NO Please attach drawing

14 Application details*

8 Ceramic insulator Required Not required

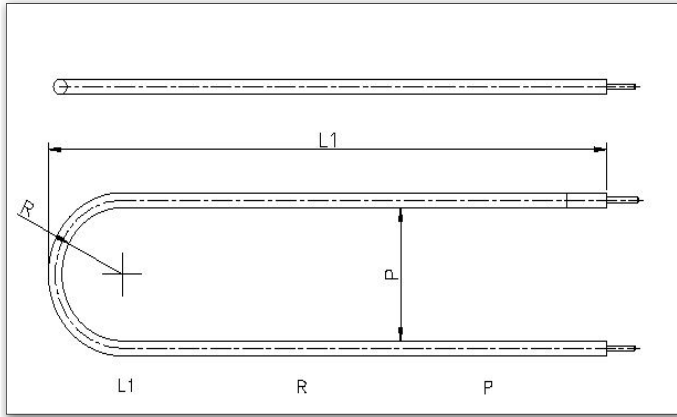

9 Insulation resistance(Min) MW VDC

15 Existing problem / improvement required*

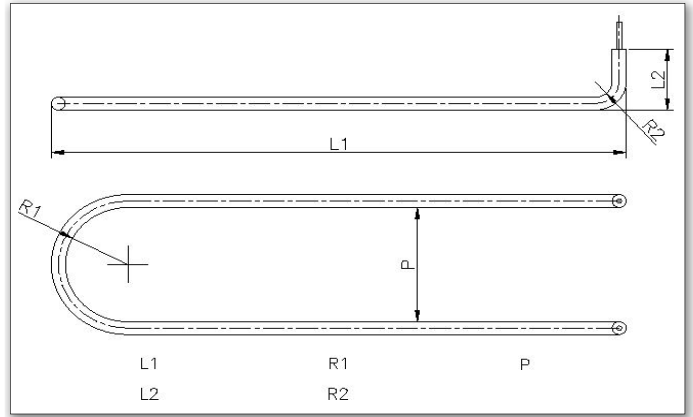

10 High volt(Di-electric) Test
 Leakage mA Sec

* Fields are mandatory
 ** For configuration no refer configuration sheet and fill in the required dimensions.
